

# Coming This Summer - Expanded Web 2.0 Workshops

## What will we gain?

- See agenda (below) for specifics on topics
- Understanding of Web 2.0 terminology and ways to access and incorporate these technology tools within their own classroom; ways to incorporate sound, video and images and use them effectively as classroom and professional resources
- Final Product, which will be a web presence that will incorporate the many topics explored throughout the workshop
- CPDUs, possibly 18

## Agenda

- 5 days over the course of one week
- 9:00 – 12:30 Morning Session: instructional time, time to see, learn and explore
- 1:30 – 3:00 Hands-on Practice: optional time to receive personal instruction about how to use the technologies in your classroom; creation of something of value to you personally that will be the final product and outcome of this workshop

### Monday /Day 1:

#### Creating an online presence

BLOGS • WIKIS • Nings

### Tuesday/Day 2:

#### Communicating & Collaborating online

Skype • VoiceThread • Prezentit

Social Bookmarking sites: e.g., Diigo, del.icio.us, etc.

### Wednesday/Day 3:

#### Online tools for teacher use

Google for Educators, Google Earth, Google Docs, Google Groups, etc.

Online word processors, spreadsheets, slideshows

Online graphic organizers: Webspiration, Bubbl.us, Glify

Online calendars, personal organizers, etc.

### Thursday/Day 4:

#### Locating appropriate sound, image, video and animation files for classroom and professional use

### Friday/Day 5:

#### Digital resources – using them within your project

Online photo editing applications (Picnik, Splashup, PhotoShop Express, etc.)

Online video editing applications (Animoto, JayCut, etc.)

Online text to movie (Xtranormal, etc.)

Photo sharing sites (Flickr, Picasa, etc.)

Online comic strip creator (Comiqs)

## Who are the instructors?

The instructors are adjunct professors from National-Louis University, who are actively involved in integrating technology in K-12 classrooms. The specific instructors have yet to be confirmed; check the website for updates.

## When? Where? How much? How do I register?

- Dates and locations to be announced.
- The cost for each workshop is \$100, or \$399 for the entire week.
- Online registration will be available soon. Check the website below for updates.
